Mohamed Asik k

Aspiring Full Stack and Flutter Developer pursuing a Bachelor of Technology in Information Technology, with hands-on experience in web and mobile application development. Proficient in Java, Python, Dart, HTML, CSS, SQL, Flutter, and Android Studio. Experienced in developing responsive websites and mobile applications through internships and academic projects. Strong problem-solving, teamwork, and communication skills, with a passion for building innovative and user-friendly software solutions.

EDUCATION

2022 - 2026

Mohamed Sathak AJ College of Engineering

Bachelor of Technology in Information Technology | CGPA: 7.25 (72.5%)

PROJECTS

Evergreen App | Android Studio

I developed an agricultural weather application that provides real-time weather updates and climate forecasts to assist farmers in selecting suitable crops and vegetables based on current and upcoming environmental conditions. The application aims to promote smart farming by improving crop planning, reducing weather-related risks, and increasing agricultural productivity.

AI Internship Recommendation System

Developed an AI-powered platform that analyzes user skills, education, interests, and location to recommend relevant internship opportunities, improving career matching and user engagement.
